Family announcements

Hurrah, Miss Myra recently gave birth to her son, Yuvin. Both are doing well. Congratulations and best wishes!

Hooray! Jair from group C has a new little sister. Congratulations!

Have you found us on Instagram
(ikc.de.eglantier.delft)?

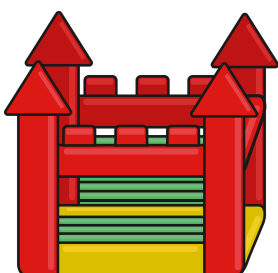

Or are you friends with us on Facebook (IKC De
Eglantier Voorhof)?

We post weekly about school, special events and fun facts.

Looking back on the summer holidays

What a fantastic summer holiday we had! For six weeks, we enjoyed all kinds of fun activities and outings together. Among other things, we went on adventures at Funzone and Drievliet amusement park. We also had a wonderful day at Zuiderpark, where a children's festival was taking place. There were also some cool workshops: Mad Science introduced us to the world of experiments and Sport4Kids

let us burn off some energy. We ended the holidays in style with a cheerful summer party. Everyone jumped on the bouncy castle and enjoyed delicious fresh poffertjes from the poffertjes stall. It was six incredibly fun weeks full of enjoyment and new memories!

Staffing

From 1 September, we will have a number of new employees joining us. As a result, some changes have been made to our staffing.

Daycare

Monday: Astrid & Carmen

Tuesday: Astrid & Carmen

Wednesday: Carmen & Insos

Thursday: Astrid & Insos

Friday: Insos & Foulad

Toddler care

Monday: Fatma & Joyce

Tuesday: Daan & Joyce

Thursday: Fatma & Joyce

Friday: Daan & Marie

After-school care RH

Monday: Daan & Joyce

Tuesday: Daan & Joyce

Wednesday: Daan & substitute

Thursday: Daan & Joyce

Friday: Daan

After-school care IB

Monday: Marie, Fatma, and Sofie

Tuesday: Marie, Fatma, and Sofie

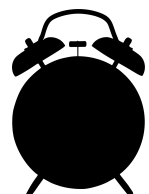

Wednesday: Daan and substitute, at RH location

Thursday: Marie, Fatma, and Sofie

Friday: Marie and Melanie

Start of preschool - bring and pick-up times

The new school year has begun and we are delighted to see all the toddlers back again. We kindly request that you bring your child(ren) between 8:15 and 8:30 a.m. Our doors open at 8:15 a.m. and you are welcome to join us in the group. At 8:30 a.m., we close our doors and gather the children in a circle. Pick-up time is from 12:00 p.m. to 12:15 p.m. If you have an appointment and would like to pick up your child earlier, please notify the teaching staff in advance.

Education

Start of a new school year

The new school year has been in full swing for a week now. We hope you and your child(ren) had a nice and relaxing holiday. We are delighted to see many new faces at our school again. Especially for the new children and parent(s)/guardian(s) it is an exciting time. Together we are going to make it a nice and instructive year. This first newsletter is mainly a letter containing a lot of administrative

announcements. Nevertheless, we hope you will take the time to read it. This will enable us to start the year smoothly and safely.

New colleagues

This school year, we welcome Mr Willem to the kindergarten classes. He will be covering for Miss Myra, who is on maternity leave. He may be a familiar face, as he occasionally joined us for work experience before the summer holidays. Miss Monique will be working in group B, and finally we have Miss Evelien. She will be doing her LIO work experience in group 7/8.

They will introduce themselves to you below.

Hello everyone, my name is Willem. Three days a week, I work with the kindergartners as a teaching assistant. I am temporarily replacing Miss Myra, who is currently enjoying her maternity leave. Some of you may have seen me before: at the end of last school year, I did an internship here. I enjoyed it so much that I'm back now and in the meantime, I've also started teacher training to become a primary school teacher myself.

In my spare time, I enjoy gardening, swimming and going out. I also like to do crafts (which comes in handy with the kindergartner children!). I am really looking forward to working with the children and the team at De Eglantier to make this a fun and educational school year.

My name is Monique and I am very excited to be joining Group B on 1 September! Together with Miss Erikka, we will make it a fun and educational year for the children. I will be there every other Wednesday and on Thursdays and Fridays. After years of enjoying working as a kindergartner teacher, I decided to pursue my other dream: working in art education. Through youth performances, theatre and art projects, I have been

able to inspire many children and parents in education and beyond. In addition to my current work as a kindergartner teacher and artist/photographer, I enjoy photography, nature, picture books and all kinds of art disciplines in my spare time. Oh, and perhaps the children remembered after our first meeting: I told them about my stubborn eye. It often looks in the wrong direction. But everyone should just ignore it :) You are always welcome to come and chat or ask a quick question after school, because I am also very curious about you. I look forward to it!

My name is Evelien Knulst, I am 21 years old and I am a fourth-year student studying to become a primary school teacher. I am studying at The Hague University of Applied Sciences and I do my internship on Mondays, Tuesdays, Thursdays and Fridays. Until the end of the year, I will be doing my internship in class 7/8 with Mr Ard. I would like to take this opportunity to introduce myself.

I live and grew up in Delft, where I live with my parents, younger sister and cat. I did pre-university education and then went to The Hague University of Applied Sciences to study primary school teaching. In secondary school, I had bilingual education and also obtained my IB (International Baccalaureate) diploma. I hope to be able to use this knowledge of English when I am standing in front of the class.

In my spare time, you can find me on the tennis court and at the gym. Reading is also a hobby of mine, and I hope to inspire the pupils to love reading as much as I do. Finally, I also enjoy going to concerts and I love music.

I look forward to a wonderful time in Year 7/8!

Social Schools

We have been using Social Schools as our communication app for two years now. Parents can receive messages from the school. Parents can send messages to other parents and staff members. You can report your child's absence via the absence notification feature.

Starting this school year, three new features will be added: we will pay for lunchtime supervision via Social Schools. This way, you will always have an overview of what you have already paid and what you still owe. Next week, you will receive a message via Social Schools about lunchtime supervision. You can then indicate whether you want to pay the lunchtime supervision costs in one go or in 10 installments. Please give your consent to this. The costs will then be automatically debited from your account.

You can also request leave in the app. You will find the request under administration. The rest is self-explanatory.

Finally, we will be making more use of the calendar in Social Schools. All dates in the calendar are also listed in the Social Schools calendar. You can take out a free subscription and import all dates into your own calendar on your phone. When we add a date in Social Schools, it will immediately appear in Social Schools and after one night it will also appear in your own calendar, e.g. on your phone.

Personal data

During the information evening, we will ask you to check your details so that we can reach you properly at all times. Please also check your details in your Social Schools account and update them if necessary.

AVG

When children start with us, we ask you to indicate whether we are allowed to place photos of your child on the website, in the newsletter or in Social Schools. If you wish to make changes to this, you can do so by sending a message to: r.bachoe@librijn.nl (our administrative assistant). If your child is new at our school, your child will receive a form. Would you please complete this as soon as possible and return it to the teacher.

Arrive on time

In the kindergarten groups, the doors open at 8.15am. You say goodbye to your child outside. The children enter the school on their own. A teacher/teaching assistant will be outside to guide the children. We start at 8.30am, so please make sure your child is at school on time. It is nice if we can all start the day on time. Of course, you can wave from the window, but don't stay too long. Especially for children who already have difficulty saying goodbye, staying too long only makes it more difficult. Groups 3 to 8 can also enter from 8.15. The first bell rings then. By the second bell, which rings at 8.30am, your child should be in class as lessons will start. This also applies to children starting in the gymnasium. Classes there also start at 8.30am. Please be mindful of the changing time your child needs.

You understand that it is not nice for the children and teachers if lessons are constantly interrupted by latecomers.

It is important to arrive on time for school.

Fruit and vegetables

As we like to encourage healthy behaviour as a school, we want to encourage healthy eating behaviours. This means that your child has a vegetable or fruit snack with them for each morning break. This way, we can encourage healthy eating behaviours. Please make sure that your child (especially the younger children) can easily eat this themselves (e.g. an orange with

the peel already removed, an apple cut into pieces). As morning break is short, the teacher does not have time to peel oranges, apples, etc. for every child. We often see children bringing both fruit and a biscuit for snack time. This is not the intention. Please only give fruit/vegetables for the morning snack, then it is clear to everyone.

PE

Good, fitting gym shoes with a firm sole (no black ones) are very important for growing children.

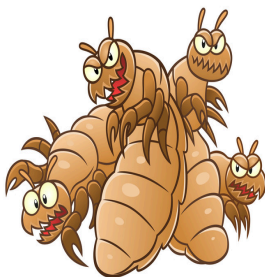

For kindergartners, who have PE every day, a plimsol shoe or a shoe with velcro is very useful (no laces). We leave the kindergartners PE shoes at school. They do not need gym clothes.

For safety and hygiene, children from group 3 onwards wear gym clothes during gym class: a sports shirt with shorts or a leotard. The children bring these gym clothes to school on gym days. Long hair is tied up and jewellery is taken off.

Calendar

Your child has been given the annual calendar this week. One has been distributed to each family. If you are separated and both need a calendar, please ask Miss Roshnie/ Miss Rahieda or the group teacher.

Lice control

After every holiday, the children's hair is checked for head lice by a group of parents. In addition, it is recommended that you yourself also check your child's hair regularly so that we can prevent a lice infestation. If you find lice/nits in your child's hair, please take appropriate action. Please also inform your child's teacher. At the pharmacy or drugstore you will find effective remedies, but combing the hair thoroughly with a lice comb every day is also very effective. We are still looking for parents who would like to help with this check next week. You can register with teacher Evelien via Social Schools. Many hands make light work.

Smartphones/ smartwatches

We see more and more children bringing smartphones and/or smartwatches to school. We understand that times are changing and that these items are becoming more and more a part of it. We also understand that it is sometimes convenient to be able to contact your child if, for example, he/she goes to play at a friend's house after school or if your child comes to school alone.

However, we would like to remind you and the children that smartphones and smartwatches should be switched off during school hours (from 8.15am - 3pm). Please also discuss this with your child.

Start of TSO

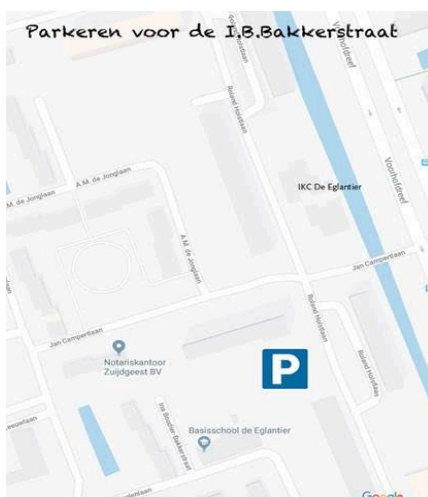

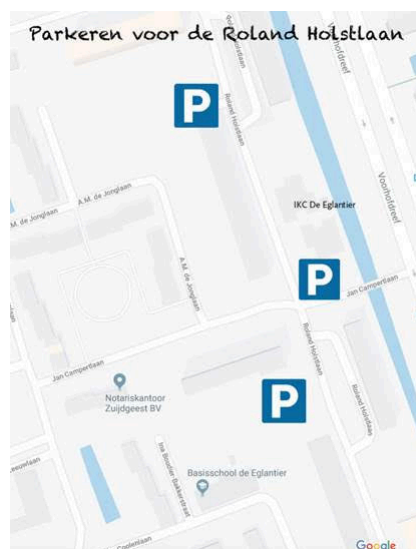

The new school year has started and so has TSO (between-school care). If you would like to register your child for this, please send an e-mail to r.bachoe@librijn.nl.

Safe traffic situation around the school

We would like to have a safe traffic situation around the school. As much as possible, children should walk or cycle to school. If you want or need to come by car, we ask you to park in

the designated parking spaces. There is also a car park on Roland Holstlaan where there is always space. Cars parked "just for a moment" on the crossing near the RH building lead to obscure and dangerous traffic situations. This is also regularly checked by the police.

We would also like to remind you that for some time now there has been a ban on entering Antoon Coolenlaan on Mon-Fri 08:15 - 08:45 and 14:45 - 15:15, to promote the safety of children coming to the main building on foot and by bike. The council has conducted a survey on this and it turns out that it is always very busy and therefore unsafe.

We can all work together to ensure that every child gets to school and back home safely by all following the traffic rules. Thanks in advance!

Picking up children at RH 917 and RH 919

At the RH buildings it is very busy during the collection of the children at 15.00. Cluttered situations arise, making it very difficult for teachers to oversee who has been collected and who has not. Please note that we cross in a line with the children and send the children to the parents in front of the flat opposite the school. We use the space in front of the flat to stand with the children and their teachers so that we can send them to the parents from there. We therefore kindly ask you not to stand on the square in front of the

school, not to sit on the coloured fences, nor to stand on the stretch in front of the flat. We cannot cross safely this way and it often results in us having to stop in the middle of the street because we cannot go any further. Hence, the stretch in front of the flat is meant for the teachers with the children. It gets very crowded with 6 classes and their teachers. You can wait further on the pavement and we will send your child to you. Make eye contact or wave briefly so that we both know we have seen each other before sending the children. Also, discuss with your child at home that he/she should sign out with the teacher first and go to the person picking him/her up only if the teacher has said it is OK. Everyone wants to be able to take his/her child back home safely and teachers want to send every child back to their parents/carers safely. We trust that everyone is mindful of this.

Guitar lessons

Great news for all music lovers! There are still a few spots available for the after-school guitar lessons.

The lessons take place at the following times:

- Tuesday: 3:15 PM - 6:15 PM
- Thursday: 3:15 PM - 4:45 PM

If your child is interested in learning to play the guitar, please contact guitar teacher Hans Hendriks by email: elektrikhendrik@gmail.com.

Vrienden van De Eglantier - We say: do!

Stichting Vrienden van De Eglantier was founded in 2014 by parents and teachers to support De Eglantier in realising projects that cannot be realised (entirely) from the normal budget, but are considered of great importance for Culture and Nature education at the children's centre. The

upcoming goal of the Friends is to purchase several books in different languages for our school libraries.

If you are a Rabobank customer, you can vote for our Friends Of The Eglantier from Monday 1 September. You can vote via the link below:

<https://www.rabobank.nl/leden/clubsupport>. Stichting Vrienden van De Eglantier can be found under Rabobank region South Holland Central.

We say: DO IT!

Yvonne den Haan and Linde Ras

Message from de brugfunctionaris

Dear parent(s) and guardian(s),

Welcome back after the summer holidays! I hope you had a wonderful time and that the children have started the new school year well.

This school year, I am once again working at school as the 'brugfunctionaris'. You

can come to me with questions about finances, sports and cultural activities, as well as organizations and activities in the neighborhood. Together we can explore the options and see how you can make use of

them. I also organize moments where parents can meet each other, such as coffee mornings.

Feel free to approach me at school or send me a message via Social Schools. I'm happy to think along with you!

Kind regards,

Adyam Tagleski
