Notifications

Daycare

May holiday

The BSO staff are already busy preparing the holiday programme for the May holiday. We are keeping the holiday theme a secret for the time being.

Annual GGD Control

On Tuesday, March 22nd, the yearly GGD control came to both the daycare centre, playgroup and after school care Weidehommels. They checked how the groups are doing. We are now awaiting the inspection report.

Education

Reading competition

On Saturday, 19th of February, our school reading champion Simone Uccelli, from group 7/8, took part in the preliminary rounds of the National Reading Competition in Delft. All participants were a little nervous, but there was nothing noticeable during the reading. The level was very high, which made it quite difficult for the jury. Simone read very well, but unfortunately he did not proceed to the next round. Despite that it was a pleasant day and all participants received a medal and a book from the mayor of Delft. Well done Simone! An experience to never forget.

Wanted

Do you have any old knickers or trousers (size 128/134) that you don't use anymore? Group 4 can use them for emergencies. You can hand them in at teacher Louise and Suzan.

NL Doet

Saturday morning, 12th of March, many volunteers helped with NL Doet at our school buildings.

Two gigantic piles of wood chips were relocated to the playgrounds, as well as a lot of chores in and around the school.

Thank you all for all the work!

Daffodil action

The daffodil action was a great success. The children sold 4042 pots of daffodils. With this we have earned 1850 euros for the celebration of our 55th anniversary. Very well done!

Toad migration

In cooperation with De Papaver, our school participated in the toad migration. Many parents and children enthusiastically helped to bring the toads safely to the other side of the road.

Coffee morning

On Wednesday, 30th of March at 8.30 a.m. there will be coffee/tea and we will be talking to parents again. Please feel free to come along. The location is at RH 919.

Study Trip Stockholm

It is happening!!! The team of IKC De Eglantier is going on a trip to Stockholm with 25 members of staff on Wednesday evening, 20th of April. The preparations are currently being made. We were going to take this trip in April 2020, but due to corona it could not take place. A year later, in April 2021, it was cancelled again. So we are very happy that we are going now. In this week, we will focus on a "learning school". A course leader from England will come and teach us. We will also visit a bilingual primary school during this trip. We will keep you informed about the developments. For you and your child this means that on Wednesday, 20th of April, the May holiday will start at noon.

Media Ukkie dagen

From 26 March onwards, the Media Ukkie dagen will start.

It is important to pay attention to media wisdom. Even with the youngest children.

Questions like: Can you let a child play with a tablet, TV, smartphone or book alone, or is it better to play together? How do you guide a child step by step into the 'digital world'? How do you use media, so that a child learns something from it and makes jumps? And how do you make choices that fit in with the child's

development?

Use the links below to find out more.

Children's Gardens

At a children's garden, children learn about nature and our food.

1,5 hours a week, from April to October. Gardening is something you do with your head, heart and hands. What a great experience to go through the entire process from sowing to harvest to a tasty conclusion.

And of course you want to taste those home-grown carrots and radishes. There is no better place than a kitchen garden to start your voyage of discovery.

Without earthworms there is no loose soil that plant roots love, and without bees there is no pumpkin! And there is no pumpkin without bees! Besides nature education, we organize lots of other fun activities, such as making herb butter,

baking pizza and a lantern parade to close the season. Enough for unforgettable afternoons at the garden from April to November. For more info and registration, look at www.kindertuinendelft.nl.

Maak kennis met de natuur
en ons voedsel
1,5 uur per week voor
kinderen van 7 t/m 12 jaar
Inschrijven voor 31 maart
