Family announcements

Have you found us on Instagram
(ikc.de.eglantier.delft)?

Or are you friends with us on Facebook (IKC De
Eglantier Voorhof)?

We post weekly about school, special events and fun facts.

Notifications

Daycare

GGD Inspection

On Thursday, April 13th, the GGD visited the RH BSO and the daycare center. The GGD visits once a year unannounced. They check the working atmosphere in the

group, the policy, protocols, work instructions, etc. The visit went well at both the BSO and the daycare.

Daycare

Last week, the daycare center visited a music performance of Miss Yvonne in Group D. The children enjoyed it very much! The children had a great time!

The daycare center also went to the petting zoo last week and had a delicious lunch with all the children.

Playgroup

On Wednesday, April 19th, we will receive a Springlab from the municipality of Delft. The Springlab will be installed at the playgroup. We are very curious and are looking forward to working with it. The Springlab gets children moving in a fun and interactive way. Here is a link to the website of springlab in case you are curious. <https://www.springlab.nl/>

Extracurricular activities

The May holidays have begun. With the theme 'once upon a time' a lot of fun activities are planned. We have an escape room, there will be a bouncy castle and we will visit the library. We are really looking forward to it. Are you?

Education

Schoudercom and Social Schools

As you may know, we are transitioning from Schoudercom to Social Schools. The migration has now been completed. All teachers have received an invitation to

familiarize themselves with Social Schools. After the May holidays, you as a parent will receive an invitation to log into Social Schools. For some parents there has been a change in password or email address. If so, the parent concerned will receive a separate email about this. Over time, SchouderCom will go on only read. You will be notified when this will take effect. You can still download pictures from old blogs. Eventually Schoudercom will disappear and we will only use Social Schools.

Message from the MR

Dear parent(s)/guardians(s) of group 1-6,

Every educational organisation with at least two schools and parent-teacher associations has a common participation council (GMR). The GMR represents the staff members, parents/guardians and the students of all schools within the organisation and has an important role to think along with the management team about policies for the organisation. Within Librijn, our organisation, we also have a GMR. On behalf of our school, Karen Knols, parent of two students at our school, has been participating in this GMR for several years now. Unfortunately we will have to say goodbye to Karen Knols as a GMR member on behalf of our school this year. Her children will be leaving our school

First of all we would like to thank Karen for her commitment and involvement. As a school we are looking for a new GMR member. Therefore this message.

The GMR represents the staff members, parents and students of all schools within the Librijn organisation and has an important task to think along with the management team about policies for the organisation. The GMR has three important roles: a controlling role, a representational role, and an initiative taking

role. They get together five times a schoolyear. This council consists of parents and staff members that are chosen by the schools of Librijn.

The GMR speaks with the management team about topics that are important across all Librijn schools. For example the yearly management formation, the budget for the organisation, the strategic course, and the holiday arrangements.

There are GMR regulations in which you can find the tasks and competencies of the council.

If you are interested in taking over this important task, please contact the MR or Yvonne den Haan. In case you are interested, you can request the agenda and the reports of the GMR meetings via gmr-secretariaat@librijn.nl.

Best regards,
IKC de Eglantier

Eid-Al-Fitr

Every year we pay attention to an international celebration. Among others, we have already celebrated St. Patricks Day once, as well as Chinese New Year, Divali, etc. This year it was Eid-Al-Fitr's turn.

Everyone came to school in his/her best clothes. We all brought something nice for each other, in groups 3 to 8 the children drew lots and made something for each other, after school children could get a henna drawing on their hand and we received many donations for The Food Bank.

Together we made it a nice day.

Thank you all very much for the donations, the help and the delicious things.

Incubator

Every year we have eggs from the farmer in our incubators to hatch out. This way the children learn about the development from egg to chick. Every year it is very exciting to see if chicks will actually crawl out of the eggs, how many chicks will be born and what color they will be. Fortunately, we were able to enjoy the chicks again this year. By now they have been picked up by the farmer.

De Vrienden van De Eglantier

I first came to De Eglantier Voorhof in spring 2012 in our search for a suitable school for our eldest daughter Mette. Now, more than 11 years later, it is almost time to say goodbye, as our youngest daughters Lina and Hella will also go to secondary school after the summer. During this time, I have enjoyed serving on the Medezeggenschapsraad, the preparations for the IKC and the renovation of Roland Holstlaan

919. In recent years, I have been a board member of Stichting Vrienden van De Eglantier Voorhof. This foundation is established with the aim of supporting the school with projects that cannot be realised from the normal budget. This is still an important goal, but I will quit as a board member and therefore we are looking for a replacement.

Would you like to get involved in the school and think about fundraising and realising fun projects? Then reach out to Yvonne den Haan or send me a message via e-mail (widoquist@hotmail.com).
