Daycare

Farewell Cheryl

Hello parents and caregivers.

Soon I will start at a new location within this organization and so I hereby say goodbye. I have learned a lot here and will continue this at another location. I have enjoyed working with the children and I want to thank everyone. Who knows, see you soon.

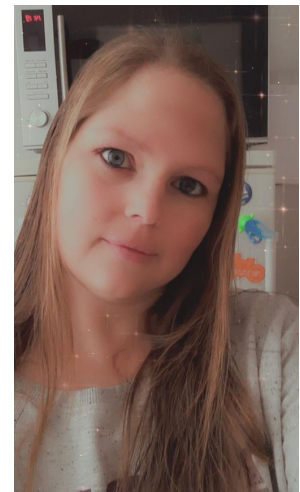

Greetings Miss Cheryl.

Start new BBL student Mariska

Hello dear parents

My name is Marisca Peverelli, I am 41 years old and live with my 2 children (15 & 12 years old) in Oud Rijswijk. I started my spw 3 training last year in June and will be working at the butterflies and meadow bumblebee groups for 1,5 years during my training from now. I will be supernumerary at the group for the first 3 months to get to know the children well and to learn from my colleagues. After that I will be working intally with the meadow bumblebees. I am looking forward to see your children grow and to be able to guide them.

Greetings Marisca.

Parent Committee

On Tuesday, May 6, the second Parent Committee (OC) Kinderopvang Morgen meeting of this year took place. A brief update on the items discussed:

- A member of the Parent Council (OR), Mandy, would like to join the OC. She will join at the next meeting;

- The preschool and the BSO will have a new employee, a BBL-er. She will introduce herself to you separately;
 - The GGD has visited the KDV, the Weidehommels and the PSZ. Only the older BSO will get another visit;
 - As you know, promotional material was shot for the website and social media channels of Kinderopvang Morgen. Unfortunately, the film has not yet been delivered due to technical problems. It is expected to arrive shortly. It will also be shared with you via the Connect app or the Facebook page;
 - The Springlab Exercise Floor is at the BSO. The daycare center also uses it when the BSO is not there. It makes the children happy.
- Do you have any questions or comments? Please email oceglantier@kinderopvangmorgen.nl.

We are always looking for parents who want to think along. Do you like it? Send us an email.

Parent committee Kinderopvang Morgen (Brigitte, Renske and Rukiye).

Education

Parents' evening for the oldest kindergarteners

On Tuesday evening 13 June at 19.30 there will be a parents' evening for the parents/guardians of the oldest kindergarteners (gr 2). This evening, you will receive information about 'the learning to read process' in group 3. More information will follow, but please mark the date in your diary.

Parents' evening for group 7

On Tuesday evening 13 June at 19.30 there is a parents' evening for the parents/guardians of the children from group 7. This evening will be about the residential week of group 7. More information will follow, but please mark the date in your diary.

Social Schools

As you have been able to read several times, we have switched from SchouderCom to Social Schools. This newsletter will be sent via Schoudercom for the last time and now also via Social Schools for the first time. From Monday, May 29 we will only use Social Schools. Also absences should then only be reported through Social Schools. Absences, just as you did in Schoudercom (so for example a sick report, doctor's visit, dentist's visit, etc.) Requesting leave for e.g. a wedding, a funeral/cremation, holiday, etc. should still be requested via the leave form, as you are used to. Just to be clear, you can find information on leave and the form via the following link:
Information: <https://eglantierdelft.nl/onderwijs/verlof>
Leave of absence form:
[https://eglantierdelft.nl/cp/uploads/hipe_content/verlofaanvraag-PDF\(1\).pdf](https://eglantierdelft.nl/cp/uploads/hipe_content/verlofaanvraag-PDF(1).pdf)
From then on we will no longer send messages, blogs, notices, etc. via SchouderCom and messages will no longer be read and answered there either. If you still want to save pictures or certain messages, etc. from SchouderCom you can still download them. Do not wait too long though, as Schoudercom is about to close and you will not be able to log in anymore.

Call

What a great new library we have for the RH 917 building. This library is used by the kindergarten groups and groups 3 and 3/4 since after the May holidays. Now we are looking for a volunteer to help with lending the books. Do you have the inclination and time? Or do you know someone, please let us know. This way we can further enhance the children's enjoyment of reading.

The last final test

Well prepared and fully prepared, the pupils of group 8 took the final test in mid-April.

Patience was tested a bit afterwards, because the results did not come in until 16 May.

Fortunately, patience is a virtue and the wait was more than rewarded.

With no pupil scoring lower than the final recommendation and a slightly above-average score of 214 (= havo), we are very proud of our pupils.

Group 8, you are toppers.

The team of IKC De Eglantier

PS. By the way, this was the last final test. For next school year there will be another test, it's called 'de doorstroom'test. This test is planned for February and will replace the final test.

W4Kangaroo competition

The W4Kangoeroe competition is a maths and arithmetic competition that is organised at a lot of schools every year in March and is made by a lot of pupils. In the Netherlands, around 140,000 pupils take part at 2350 schools.

The competition is suitable from group 3 of primary school to 6 vwo of secondary school and also for HBO/WO students.

There are six versions: wizFUN, wizKID, wizSMART, wizBRAIN, wizPROF and wizEXPERT.

They involve twenty-four or 30 surprising questions, each requiring a spark of creativity, a flash of insight. Five answers per task are given, one is right. Which one?

The first questions are easy, but gradually they get trickier.

At our school too, a number of children participated again. The assignments were quite tough, but some great results were achieved.

On Wednesday 7 June, we will officially hand out the certificates. The scores can also be found on these certificates. There will be a present for every participant and the best in a category will receive a game.

We have waited a long time for the results, but this will be the last exciting week.

Farewell

Miss Linda will say goodbye to our IKC next week, after working with us for seven years. This school year she was not working at our school, but through our Foundation Librijn, she got acquainted with other elementary school and educational trends. Thus she found a new job at Montessorischool 'Parkrijk' in RijswijkBuiten.

We wish her much pleasure and success with this new challenge.

We also thank her for her fine cooperation and her expert efforts in recent years for our IKC.

Perhaps as a parent you would also like to say goodbye to Miss Linda by sharing or giving something?

If so, you can give this to teacher Yvonne den Haan until Thursday, June 1. Miss Yvonne will then give this to Miss Linda during her farewell as a teacher at our child center.

Erasmus Family Lab

Wanted: parents and children!

Are you a parent with a child between 4 and 8 years old? Do you want to contribute to scientific research in a fun way and do you speak Dutch? We are looking for you!

At the Erasmus Family Lab, we are investigating how social behavior of parents influences the social development of children. We ask you to come to the lab (Campus Woudestein, Kralingen) for a number of fun games. In addition, we would like to ask you, the parent, for a number of questionnaires to complete.

The visit takes 1 to 1.5 hours and we can compensate for travel expenses up to a maximum of 20 euros. As a thank you, we have a nice present for your child and a nice day out for you and your child.

Are you participating and/or would you like more information about the study?

Scan the QR code or via the link (<https://tinyurl.com/2r98hp9r>) or email (erasmus-family-lab@essb.eur.nl)
