### Daycare

#### Nursery

What a fun time we have had at the nursery recently! The children have been busy crafting beautiful and lovely presents for Mother's Day. Their faces were beaming with pride as they took their work home! Now we are already enthusiastically preparing something special for Father's Day - so keep an eye on your bags!

In addition, we will soon be welcoming new friends to the

group. Two new children will join us in June and we expect a few more later this year. We are very much looking forward to welcoming them and getting them used to their new surroundings.

We were also celebrating at the group: Insos recently celebrated her birthday - congratulations! Carmen may blow out candles soon, so a fun birthday is planned for her too. What fun it is to be able to celebrate these milestones together.

#### Preschool

At the toddlers' preschool we have enthusiastically started a new theme! Being sick! In a playful and instructive way, the children are taken through all kinds of fun activities that tie in with the theme. During the introduction morning, we opened this new topic in a festive way. It was extra special that youth health care (JGZ) was also present. They provided information and were ready to answer parents' questions, which was much appreciated. Great to work together for a good start!

The toddlers have also been busy making a Mother's Day present. This time the theme of the craft was 'You light up my life'. With great care and creativity, the children made something beautiful to put their mothers in the spotlight. The proud faces at the handover were a wonderful moment to see!

In addition, parents received a handy schedule with all activities and details until the summer holidays. This way, everyone knows what is on the agenda and together we can look forward to a fun and educational period. We look forward to all that is to come!

## Extracurricular childcare (BSO)

What a fantastic May holiday we had at the BSO! The children enjoyed fun and active outings. For example, we all went to Bounce Valley, where there was plenty of jumping and playing. Disco bowling was also a great success - with fun music, colourful lights and, of course, lots of successful strikes! They were days full of fun, exercise and great memories.

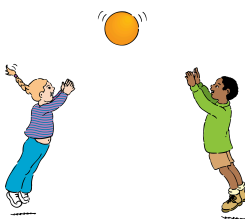

Meanwhile, our BSO colleagues are already busy preparing for the summer holidays. They are working hard on a varied and challenging programme, so the children will soon be able to enjoy another summer full of fun activities, trips and creativity.

Finally, we are still looking for new colleagues to strengthen our team. We hope to be able to share good news soon and look forward to welcoming new faces to the BSO!

## Education

### **Wanted**

We are looking for new TSO staff. Do you have time and would you like to supervise classes during lunchtime? This means that you supervise a class during lunch and afterwards during outdoor play. You ensure that the classroom is left tidy and help the children where necessary. If you would like more information, please send a message via Social Schools to Miss Roshnie.

### **New outdoor toys**

New outdoor toys have been purchased so that the children can enjoy themselves outside again. Playing outside is healthy and in this way also extra fun.

## **Invitation coffee morning - Theme: the Brugfunctionaris**

Dear parent(s)/caregiver(s),

You are warmly invited to a friendly coffee morning on Wednesday, June 18th from 08:30 to 09:30 at school.

During this morning, I would love to tell you more about my role as the brugfunctionaris. What do I do? How can I support both children and parents? And how do I work together with the school and families to help your child(ren) grow and thrive?

There will also be time to ask questions, share experiences, and have a relaxed conversation — all while enjoying a cup of coffee or tea.

I hope to see you there!

Warm regards,

Adyam

Brugfunctionaris

### **W4Kangaroo competition**

The W4Kangoeroe competition is a maths and arithmetic competition that is organised at a lot of schools every year in March and is made by a lot of pupils.

In the Netherlands, around 140,000 pupils take part at 2350 schools.

The competition is suitable from group 3 of primary school to 6 vwo of secondary school and also for HBO/WO students.

There are six versions: wizFUN, wizKID, wizSMART, wizBRAIN, wizPROF and wizEXPERT.

They involve 24 or 30 surprising questions, each requiring a spark of creativity, a flash of insight. Five answers per task are given, one is right. Which one?

The first questions are easy, but gradually they get trickier.

At our school too, a number of children participated again. The assignments were quite tough, but some great results were achieved.

Certificates were distributed on Thursday, May 22.

The scores can also be found on these certificates. There will be a present for every participant and the best in a category will receive a game.

Next school year we will definitely participate again!

### **Traffic practical exam**

What a success! After all pupils of group 8 passed their theoretical traffic exam in one go, the practical exam was scheduled for Monday 19 May. In the centre of Delft, the children independently completed a bicycle route, checking at four different posts whether they were acting correctly in traffic. We are extremely proud to share that all children passed!!!

HELLO

### **OR member introduces himself**

This time Patrick from the Parent Council introduces himself.

Name: Patrick Kronshorst

### Age of my children:

Father of 4 children, including a boy of 16 (Tijmen), a girl of 15, (Romy, former pupil),

a girl of 11 (Lotte, group 7) and a boy (Kaiy, he is not at school yet).

### Why I am a member of the Parent Council:

I joined the Parent Council when I was approached to help with the evening 4-day walk. I did this a few years ago and I actually stuck with the Parent Council then.

### Favourite activity at school:

My activities at school are sometimes in the background. The activities I am most involved in are sports day and the evening 4-day.

### Something nice/personal about myself:

I am a, as my children say, a handy dad (and can do almost anything).

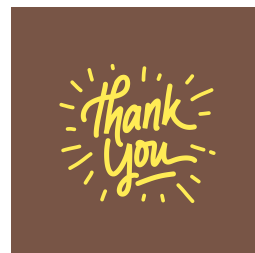

I work in construction, this consists of large projects and sometimes small projects. This ranges from private individuals to housing associations.

I am also in the music business and play trombone. I am part of a friendly group of musicians with whom we can often be found during carnival and other activities in and around the region.

### **Sports Day**

Last week we had our annual sports day. It was a fantastic day with great weather and lots of help.

We would like to thank all the parents, carers and grandparents who helped us. Without your help this day would not have gone as well. We also thank the Parent Council. They provided the healthy snack and delicious ice cream.

### **Thank you OR and parents**

This week the evening four-day walk is in full swing. What a celebration and what a lot of children from our school walk again with their families. This activity is organized by the parent council. We would like to thank all the volunteer parents and the OR for this fantastic week.

### **Leave of absence**

Sometimes we get questions or confusion about leave.

The following information gives you more clarity. This can also be found in our school guide.

Except in case of illness, it is not permitted to miss school hours. Extra leave for holidays is not allowed. Children have 13 weeks of holidays. You have enough time to celebrate holidays together.

There is only one exception, namely when one of the parents cannot be away during any of the school holidays. An employer's statement must then be submitted. The management is obliged to follow these rules and in case of violation to report this to the school official.

You can request a day off for a child in case of important circumstances, such as moving house, religious holidays, a marriage of a family member or an anniversary. The form 'request for exemption from school attendance' can be downloaded from the website:

<https://eglantierdelft.nl/english-in-short/leave-of-absence>

A request form must be submitted to the integral school leader at least one month before the desired leave. You will receive an answer to your request within fourteen days.

Extra leave in the first two weeks after the school holiday is never allowed.  
Unauthorised absence must be reported to the school attendance officer.
