24 t/m 28-10	A t/m 8	Autumn holiday	Daycare open

## Family announcements

Hooray! Somaya has gained a little sister. Her name is Khadija. Congratulations!

## Notifications

### Daycare

#### Information boards

In the corridor, both the after school care and the toddler playgroup now have activity boards with all kinds of information on them.

#### Start of IPC

At BSO Weidehommels, the IPC units started on the 12th of September. We do one IPC activity per week that focuses on the unit.

#### Theme Autumn

At the daycare, we will start with the unit Autumn from the 26th of September. You can find all the activities on the information board. The daycare is looking forward to it!

### Education

#### Workweek group 8

Monday, September 26th is the day.

Group 8 will go on a workweek.

The preparations in the classroom are in full swing.

We will study the canon of the Netherlands, nature on the Veluwe and the life and work of Van Gogh.

It promises to be a fantastic week.

Pictured below: De Bosbeek

### **European Day of Languages**

The Council of Europe has established the 26th of September as the 'European Day of Languages' which celebrates Europe's linguistic diversity and promotes language learning.

As we also have many different languages at school, we pay attention to this day as well. The kindergarteners and MP1 will do this on Wednesday, the 28th of September, with mother tongue reading.

We are looking for parents who want to read to a small group of children in their mother tongue. This lasts from 11.15am - 11.45am.

### **Volunteer**

For the past few years, the school has had a volunteer who did chores in and around the school. Not only were we fond of this volunteer, but we were very happy with all he did for us. Changing a light bulb, hanging a hook, fixing a toilet bowl or painting a wall. Unfortunately, this volunteer has passed away. We are now missing a handy (wo)man.

If you know someone or if you are handy yourself and have time to come and help us during the week, please let us know.

## Photos

Photos of your child will be taken at various activities. These photos will be sent to you via a web album. You can then download these photos for your own archive. You can still download last year's photos until the 1st of October, after which they will be deleted.

## Self-test

Last school year, we distributed self-tests to students in grades 6-8 for a period. This stopped before the summer holidays. We do not know what will happen in the coming period regarding corona. However, we still have self-tests lying around. So if your child needs a self-test, please collect it from Miss Naji at the IB building.

## Schoudercom

At school we work with the school-parent communication app Schoudercom. If your child is new at school, you will receive an invitation to create an account. We have noticed that this can sometimes go wrong. Either the email is thrown away, because people think it is a phishing email or they think the email has not been received, but it is in the spam box. If you do not yet have an account, please check whether you have received an invitation to create an account. Also check your spam box. If you do not have an invitation, please report this to your child's teacher. The teacher can then send another invitation.

Com

## Extra support

As you may have heard via various Schoudercom messages, a lot of extra support is currently being offered at school.

We have been able to realise this because the government has made money available for education. With this subsidy money we already offered a lot of extra support last year and are going to do the same this school year.

The money is currently being used for activities before, during and after school. For example, extra gym lessons and a vocabulary programme are organised on Wednesday afternoons, there are extra music lessons on Monday afternoons, there is before school remedial teaching for spelling three times a week and after-school remedial teaching for arithmetic twice a week.

During school hours, the subsidy is being used to give extra attention to reading pleasure. We have hired DOK for this purpose. Staff engage in interactive reading aloud and theatre reading with groups of children. A member of staff also visits the classroom every three weeks to stimulate the pleasure of reading. Our aim with these programmes is to give as many children as possible a helping hand in these areas. In some programmes, we give all parents the choice to sign their child up, but in other programmes, the classroom teacher makes a

selection of children who could benefit from the programme and only those parents are approached.

Activities last a few weeks and are then restarted for another year group. So if you have not seen an invitation to an activity pass by this period, it will definitely happen in one of the next periods.

### **Paying attention to each other**

The gas crisis is gripping the European and Dutch economies. The newspapers are full of it: more and more people are struggling financially. People who used to get by just fine are suddenly unable to pay their bills due to high energy prices. Several parents have already found us to report that they are in money trouble. If this applies to you too, it is nothing to be ashamed of!

There are numerous ways to support you. For instance, the school can apply for allowances for all kinds of basic facilities, arrange subsidies for sports and cultural activities, make arrangements for TSO, the working week, etc. Parents who are currently less fortunate are also happy to contribute. For instance, we have already been approached by people willing to donate clothes, an extra breakfast or lunch.

If you are that parent who could use some help or perhaps knows someone else who could, do not hesitate to approach the teacher, Yvonne den Haan (director) or Daniëlle Kunz (internal supervisor). By talking, we can look for solutions together.

Two food cupboards will soon be placed at the school.

These are cupboards where people can put/take food, drinks and care products. The primary aim is to prevent food wastage, but in these difficult times it is also important to help others who are less fortunate.

### **Clothes**

There is a parent who has clothes left over in sizes 104-110-116.

Is there a family that could make good use of these clothes?

You can report to miss Yvonne den Haan.

### Coffee morning

As a parent, do you sometimes feel that you are the only one struggling with problems you encounter with your child (at school)? Or are you looking for some recognition from the experiences of other parents? Maybe the coffee mornings are the perfect opportunity to share experiences with other parents and educational professionals from our school. The

first coffee morning on Wednesday, 14th of September focused on meeting each other and receiving information about sports for all children in Delft. Rik, sportcoach Voorhof, gave information about the sports and culture fund and various sports associations in Delft.

If you are looking for information, you can find it below:  
Delft for each other

We can be found everywhere: in focus areas, at primary schools, at sports clubs, day care projects, sports events and playgrounds. We devise, implement, coordinate and talk to various partners to get various interventions done. Examples include dance projects, after-school playground activities, clinics with final events, exercise classes for the elderly and activities where neighbours interact. With a special focus on extra support for sports associations, which play a central role in all this. Naturally, we work from the main themes devised from Delft voor Elkaar and the municipality. What matters to us is results, the passion and pleasure with which we achieve them! Curious about what we do? Feel free to take a look at our websites below!

<https://www.delftvoorelkaar.nl/>

### Youth Fund Sport and Culture

Jeugdfonds Sport & Cultuur makes it possible for children and young people from families with less money to take part in football, music lessons, gymnastics, street dance, judo, theatre lessons or another sporting or creative activity. For those children and young people, we pay the contribution/tuition fees and in some cases the necessities such as football uniforms or dance shoes. ### Delft Sports Week

During Delft Sports Week (16 to 25 September), you can try a free sport at lots of associations, clubs and groups in your neighbourhood. This is great because it allows you to try something out without being tied to anything. The link to view the offer - <https://sportenindelft.nl/delftse-sportweek-2022/>

### Delft try out

NEW, COOL AND REALLY SOMETHING FOR YOU! LET'S TRY OUT DIFFERENT SPORTS IN DELFT TOGETHER AND DISCOVER WHAT SUITS YOU BEST. WHETHER YOU ALREADY KNOW THE SPORT OR ARE DOING IT

FOR THE FIRST TIME... IT'S GREAT TO DO SPORTS TOGETHER. LET'S TRY IT OUT!  
TRY IT OUT

How does it work? Quite simple! With Delft Try Out you join 4 training sessions at sports clubs in Delft for a total amount of 5 euro. You can pay this amount online when registering for the training sessions. During the training sessions, you then discover whether it is really for you and you can decide whether you want to continue or maybe try another sport. The link to view the offer - <https://delfttryout.nl/>

### **Music introduction course**

This autumn, music association Caecilia will once again be holding an introductory Music course.

In 6 playful lessons of half an hour, children are introduced to the basic principles of musical notation and are given explanations about various wind and percussion instruments. They are also allowed to try out the instruments themselves. The course ends with a visit to a rehearsal of Caecilia's youth orchestra.

Age: children in group 4 and 5

When: Wednesday afternoons, from early October to late November

Time: 13.30 - 14.00 (most likely)

Location: Notenschip, Schoolplein 4, Schipluiden

Cost: € 30

Sign up: no later than 21 September via [opleidingen@caeciliaschip](mailto:opleidingen@caeciliaschip)
