New employee at the BSO

With the start of a new group within our BSO we also welcome a new colleague! Fatma would like to introduce herself to you:

Hello,

I am Fatma Küçükkalay. I am 41 years old. I am mother of 2 children, I have a daughter and a son. I have been working as a pedagogical employee for over 15 years and as of November 4 I started at the BSO Tuinhommels. I am

really looking forward to it. I enjoy my work because every child is unique and every day you experience new things, children are imaginative and I really enjoy stimulating children in their development.

We wish Fatma lots of job satisfaction and success in this new role!

Farewell to Jill at IKC De Eglantier

Unfortunately we will soon say goodbye to our colleague Jill. Thursday, November 21 is her last working day at BSO. Of course we do not want to let this special moment pass us by! Therefore we are organizing a festive gathering at the RH building from 16.00 to thank Jill for her dedication and commitment.

Jill will be present and we will provide snacks and drinks. Parents and children are cordially invited to give her a warm farewell. We hope to see you there!

Photographer at the KDV/PSZ

On Friday, November 22, the photographer will visit the KDV/PSZ. A great opportunity to have the children beautifully captured. Via the Konnect app you have already received all the information. Do not forget to dress the children in their best clothes on this day. We look forward to the radiant pictures the photographer will take!

Tootea at daycare

Recently we held a tasting at the BSO and KDV, where the children could discover the delicious flavors of Tootea.

Their enthusiastic reactions convinced us: Tootea will be included in our nutrition policy from now on!

But what exactly is Tootea? Tootea is a healthy blend of flowers, herbs and fruits developed especially for children. This tea offers a refreshing alternative to lemonade and

sweetened children's teas and can be drunk hot or cold. Thus, children can enjoy a tasty and healthy drink.

Themed bags for the PSZ

At the PSZ, the children were given theme bags that were specially put together by DOK. These well-filled backpacks provide an opportunity to continue practicing at home what the children have already learned at preschool. The bag contains books, puzzles and information on the theme of autumn - everything you need for an instructive and fun time together. Have fun practicing!

Message from the OC

On 14 October, the parents' committee met for a special evening: discussing rates. Within Kinderopvang Morgen, parent committees have voting rights on this. We are very grateful to the parents who came for their input. Below this post you can see the forecast of the new rates. You can also see what this means for you with the cabinet's new plans. These rates will not be set until all parent committees within Morgen have voted. You will receive notification of this via the parent app.

Tariefontwikkeling

	KOT			Morgen		
	2025	2024	2023	2025	2024	2023
KDV	10,71	10,25	9,12	12,20	11,30	10,20

Christmas holidays at the BSO

The cozy fall break is barely behind us, and the BSO staff is already hard at work planning the next holiday! This Christmas holiday is dedicated to the theme "Home Alone at the BSO".

You will receive the full programme the week of November 18. It promises to be another fantastic time full of fun activities and good times. Don't forget to register your child(ren) on time!

Education

Please note... an error in the calendar

An error has crept into the calendar. It says that the daycare centre is closed on 24 and 25 December because of Christmas Day and Boxing Day. As Christmas Day and Boxing Day is on 25 and 26 December, the childcare centre is therefore closed on 25 and 26 December.

Wanted

Miss Els is looking for scraps of wool to make pumpkins. Who has leftover wool at home? You can drop it off at teacher Els (building RH 919).

week van de **media wijsheid**

8 t/m 15 nov 2024

Media Literacy Week - Information evening for parents

As part of Media Literacy Week, the children of MP 2 and MP 3 will have a classroom workshop on 'Behaviour online'.

There will also be an information evening for parents on 'Behaviour online and Tolerance and Respect'. How can you guide your child in this? The evening will take place on Wednesday 13 November from 19.30 - 20.30 at the IB building. If you are interested, you are welcome this evening. Even if your child is not yet in middle or upper school.

DOK is also paying attention to Media Literacy Week. See the information below:

Is your child online a lot, on a phone or computer? Then how do you make sure that this time is not only fun, but also safe and useful? DOK offers fun activities and ideas for that during Media Literacy Week (8-15 November).

How about author Marco Kunst talking about his book 'Offline' at DOK in Open and DOK Voorhof on 9 November or The Thick Data Show on 13 November? Both events are also about media literacy. Check DOK's calendar for more info and other activities. Want to talk to your child about social media? A book like 'The day Grandma broke the internet' (up to 6 years old) or 'The secret of Wifi' (for 6-12 years old) are great fun to read, read aloud and talk about.

Are you already familiar with onlinelibrary.co.uk? There you can find many digital books and audiobooks.

Not a member yet? Make your child a DOK member for free, then the online library is free too!

Introducing Errika

Miss Hayley had her last day this week. She is now going to enjoy her maternity leave. We wish Miss Hayley a great time and good luck with the final touches.

Fortunately, we have found a new colleague to take over Miss Hayley's duties. Below, Ms. Errika introduces herself.

Hello, my name is Errika Sarantopoulou. I am originally from Greece and have a strong passion for languages and teaching. I currently speak four European languages—Greek, English, French, and Italian—and I'm excited to soon add Dutch to the list! Over the years, I've gained diverse teaching experiences, from working as an IB PYP English teacher to coordinating English lessons at summer camps and serving as an examiner for language

proficiency exams. In my free time, I enjoy dancing, traveling, and getting lost in a good book. I look forward to sharing my love for languages and learning with everyone here!

Start Sinterklaas newsreel

We are following the Sinterklaas news story at school with the nursery groups and groups 3, 3/4 and 4. This starts on Monday 11 November. At school we watch it back the next day, so we start watching on Tuesday 12 November. We also have the package that goes with it, so a number of activities in class tie in with this newsreel. If you like it, you can also watch it at home with your child. The children usually really enjoy it and enjoy watching it a second time at school. They often suddenly see 'different' things.

The national arrival of St Nicholas will also be broadcast on TV. That is on Saturday 16 November.

In Delft, Saint Nicholas arrives a week later. That is on Saturday 23 November. You can go and watch in the centre of Delft.

You can find the timetable and route via the link below:

<https://sinterklaasdelft.nl/>

Putting your shoe out for St Nicholas

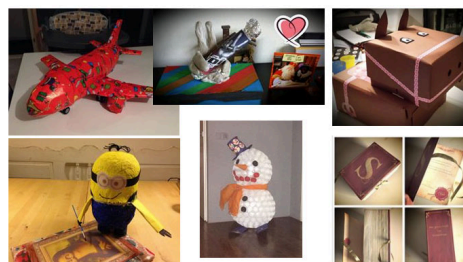

On Friday 22 November we will put our shoe out for Sint together with the classes. Hopefully, we will then find something in our shoe on Monday 25 November.

The kindergarteners will use their sneakers that we already have at school. The children from the other groups must bring their own shoe to school on Friday 22 November.

Making presents

Groups 5 to 8 will be making presents for each other. On Monday 11 November they will draw lots.

The surprises have to be ready and taken to school on Monday 2 December. On Tuesday 3 and Wednesday 4 December the surprises will be on display and the children will be able to admire them. On 5 December it is the St Nicholas party and groups 5 to 8 will unwrap the surprises.

Sinterklaas party

On Thursday 5 December, we will celebrate the Sinterklaas party. More information will follow later. The children are free this day at noon (the day care centre is open.) If you do not come to pick up your child yourself on this day, please also inform the BSO, babysitter, grandparents, etc. that your child needs to be picked up at noon. Also if your child uses our BSO at school. Please indicate to the BSO that you would like your child to stay from 12 noon on that day.

Christmas musical

Halloween has just passed, Sinterklaas has yet to arrive, but we still inform you about a beautiful Christmas activity on December 16th! On this day, the teachers and other staff will perform a fantastic winter musical for all students and their parents! Just a small tip of the veil:

On Monday 16-12 all children are free

at 12.00h

Around 16.00 is the first performance for groups 1-4, around 19.00 is the second performance for groups 5-8. If you have children in the lower and upper grades, you can choose which performance you go to.

Ticket sales will start soon. In the last weeks before the Christmas holidays, there is also a raffle with great prizes.

The proceeds are for the working weeks of groups 7 and 8.

You will soon receive more information with all the details, but put this day in your agenda!

Beste kleuters, ouders/verzorgers,

Op woensdag 27 november komt de Sint weer aan in Nederland. Een spannende tijd voor alle kinderen in Nederland. Voor alle kleuters van de Delftse basisscholen (groep 1 en 2) wordt er een Pietengym verzorgd door de buurtsportcoaches van Delft voor Elkaar.

Tijdens deze Pietengym zullen de kleuters opgeleid worden tot echte pieten. Zo leren ze bijvoorbeeld door schoorstenen te kruipen en over daken te klauteren.

De Pietengym duurt 45 minuten per les en om het uur start een nieuwe groep. De tijden van de pietengym is verdeeld in 3 tijdssloten. **Tijdslot 1:** 14:15 – 15:00 uur, **tijdslot 2:** 15:15 – 16:00 uur en **tijdslot 3:** 16:15 – 17:00 uur. De locatie waar de pietengym zal plaatsvinden is in de gymzaal van Rijslaan aan de de van Rijslaan 4 in Delft. 2525 KX Delft. De aanmeldingen zullen later verlopen via de SBG app. Onderstaand van deze brief is een QR code te vinden waarin je je kan aanmelden.

Voor deelname aan de Pietengym vragen wij een **eigen bijdrage van €2,- euro**. Dat mag worden betaald bij aankomst van de Pietergym. De eigen bijdrage dient ingeleverd te worden bij de buurtsportcoaches.

Wij hopen weer veel pietjes te mogen ontvangen door heel Delft!

Met sportieve groet,

Buurtsportcoaches van Delft voor Elkaar

snel aan!

Stichting
Thuisgekookt

De sociale maaltijdservice aan huis voor en door buurtgenoten.

Elke dag een verse, warme maaltijd op tafel: het is niet voor iedereen vanzelfsprekend. Stichting Thuisgekookt koppelt daarom vrijwillige thuiskoks die één of twee keer per week met liefde een portie extra koken aan een buurtgenoot die door leeftijd, ziekte of een beperking wel wat hulp rondom de warme maaltijd kan gebruiken.

"De maaltijden zijn niet alleen heel lekker, maar het is ook erg gezellig!"

- Rosemarie, 84 jaar

Hulp nodig bij de warme maaltijd?

Lukt het je niet om elke dag zelf te koken? Stichting Thuisgekookt staat voor je klaar! Als je je aanmeldt gaan wij op zoek naar een buurtgenoot die met liefde één of twee keer per week een lekkere en gezonde maaltijd voor je kookt, passend bij jouw eet- en dieetwensen. Deze thuiskok kookt vrijwillig, zodat je alleen de kosten voor de ingrediënten en 10% commissie betaalt. En als ophalen niet meer lukt, kan de maaltijd ook worden gebracht.

Als thuiskok starten met koken?

We zijn altijd op zoek naar enthousiaste thuiskoks! Vind jij koken leuk, wil je één of twee keer per week een portie extra koken voor een buurtgenoot en maak je met liefde tijd voor een gezellig praatje? Meld je dan aan als thuiskok. Je hoeft daarna niets te doen, wij benaderen jou als iemand bij jou in de buurt hulp nodig heeft.

Doneren?

Wil jij op een andere manier een bijdrage leveren? Al vanaf een eenmalig bedrag van €5 kun jij iemand die dit hard nodig heeft voorzien van een lekkere warme maaltijd en een gezellig praatje met een buurtgenoot.

We raise children together!

What does Buurtgezinnen do?

According to the motto 'We raise children together', Buurtgezinnen connects families having a hard time (request families) to a stable family in the neighbourhood (support families). In this way, children receive some extra love and attention, and parents are relieved for a while. This prevents problems from worsening and ensures that children grow up positively within their own family.

Request and support families make agreements with the coordinator of Buurtgezinnen about the support, such as for example:

- taking care of a toddler one (half) day a week
- bring a toddler to swimming lessons or sports
- have a baby stay for a weekend
- offer a quiet homework place to an adolescent
- go to parents' evenings at school
- help with celebrating the birthday of children
- do something fun together with the children

Who can register as a request family?

Sometimes family life is a struggle. Problems can accumulate. Something only needs to happen, or balance is lost. You are no longer able to devote enough time and attention to your children, although you heartily grant them that. You can no longer do it alone. But not everyone has people around them who can offer help. Buurtgezinnen is especially for these families.

Register as a request family?

Register via www.buurtgezinnen.nl. The coordinator of Buurtgezinnen will contact you to discuss what Buurtgezinnen can mean for your family.

Register as
request family

Support families wanted!

As a support family, you become the support around the children for a longer period. During a meeting with the coordinator of Buurtgezinnen you discuss together which support you would like to offer, which children fit in your family (age, boy/girl) and how much time you have available for it.

The coordinator looks at which families fit together best, makes the match and supervises both families for a maximum of two years.

The bond that develops between families differs per match; from close friendship to just pleasant contact. Many of our support families experience being a support family as meaningful and an enrichment of their lives.

Who can become a support family?

Buurtgezinnen is looking for parents with children, grandparents and adults without children but with parenting experience, who

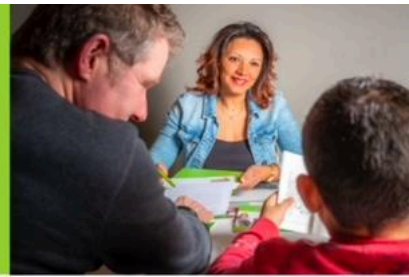

- want to mean something on a voluntary basis for another family that is struggling
- enjoy meeting different cultures and lifestyles
- have an open attitude and can postpone their judgment
- have at least one (part of the) day per week available
- be able to submit a VOG (Certificate of Good Behaviour) (Buurtgezinnen arranges this)

Register as a support family?

This is possible via www.buurtgezinnen.nl. The coordinator of Buurtgezinnen will contact you to meet and get acquainted with your family.

**Register as
family support**

Method

Buurtgezinnen has a coordinator in every municipality (or district) who brings the families together and guides them. She is the contact person for all families. Once a family has registered through the website, she will contact the family to become acquainted. She wants to know exactly what support the request family needs.

Once that is clear, the coordinator will look for a suitable support family in the area. This can be a family with children, but that is not a necessity. Grandparents or parents with children living away from home and adults without children are also very welcome. We do think it is very important that support parents have experience with children though.

The coordinator discusses with the support family what support the family can offer. After the match, the coordinator discusses with both families every six months whether they are satisfied with the way things are going and whether they want to continue.

Practical examples

Joyce is a single mother with two boys aged 4 and 7 years. She raises her boys alone, which is difficult. An older couple, whose children have left home for a long time now, regularly takes care of the boys on weekends. They do fun things that Joyce does not have the time for. The boys fully enjoy their new grandfather and grandmother and Joyce enjoys the peace and the cheerful stories with which they come home.

Abel is a widower. He has two older sons and a 9-year-old daughter with Down's syndrome. He wishes for his daughter to have a somewhat broader perspective, and a place to safely gain new experiences. A support family with four daughters applies. Iris comes to play with this family every Tuesday afternoon. The youngest daughter of the support family takes care of Iris and thinks it's fantastic to be the 'older sister'.

Mimi and Amir fled from Syria with their three children. They are happy with a safe life in the Netherlands but are also homesick. They are busy integrating and learning the language. The children have no contact with Dutch families, while according to school this would be better for their language development. Two of the children now go to a support family with children of the same age every week and the families occasionally eat together. A special friendship has developed between the families.

www.buurtgezinnen.nl
