## Notifications

### Daycare

#### **BSO outing to Avontura**

In the autumn holidays, the children of both BSO Weidehommels and BSO Boomhommels went to Avontura. The children had an incredibly fun day!

#### **Halloween party**

The BSO concluded the autumn holidays with a spooky Halloween party. Everyone was dressed up. Children who do not go to the BSO on that day could come along with their mum and/or dad. Children could get their faces painted. There was dancing and different kinds of games were played. A successful party!

#### **Miss Jill 5 years in service**

On Friday 21 October, Miss Jill celebrated 5 years of service. Congratulations to Miss Jill and many more years of job satisfaction!

### Education

#### **Toy bank**

We had a visit from a volunteer, who is also the grandmother of two students at our school. New books have been donated by Paagman. The Toy Bank also wanted to supply our mini-libraries with these new books. How wonderfully nice. Do you have any books left over at home that are no longer being read? You can hand them in at our school. We will then place these books in the two

mini-libraries. Below you can read about what the toy bank does.

Toys are an important tool in children's development. Children are active and can relax with them and learn through play. For families living below the poverty line, it is often too expensive to buy good toys for their children. The Toy Bank wants to help them with this, because every child wants and has the right to play. All children become happier and wiser through play.

Speelgoedbank works with referral cards through the Food Bank, Humanitas, Home-start, Refugee Council, etc. to reach the children who need toys the most. Whenever possible, we bring toys to children from the Ukraine.

Every Saturday from 10:00-13:00, we welcome new or as good as new toys in our cashless toy shop in Delftstede, Phoenixstraat 66 in Delft, near Molen de Roos.

### **Start of Sinterklaasjournaal**

On Monday 7 November the Sinterklaas news will start. We will watch it with the children in class (groups A to 4) (we start on Tuesday 8 November). You can also follow this at home with your child. It can be seen daily on NPO 3 at 18.00.

# Sch ouder Com

### **SchouderCom**

As most of you know, we use SchouderCom at school. You can use this with an app on your phone or with the SchouderCom website. As it is not yet clear to everyone what SchouderCom can be used for, we have listed the most important things below.

The teachers send information to the parents, for instance to inform you of certain matters, to ask you something, to inform you, etc. This can be sent to the whole group at once, but also to one or more parents.

As a parent, you can also send messages to the teacher if you have a question/communication. When there is a contact afternoon/evening, the teacher will send you a registration list on which you can register.

- For example, if the teacher is looking for help during a particular activity or outing, a sign-up list may also be sent out for you to sign up.
- For each class there is a blog where teachers post fun and educational moments with the class (a written piece and/or photos), so you can also see and read what is happening in the classroom.
- You can view the annual calendar.
- Parents can also contact each other to make play dates for the children, for example. If, as a parent, you do not want other parents to contact you, you can disable this in your account. For a detailed guide for parents, please click on the link below. Please note that as a school we cannot use all options. This is related to the package we have chosen.

<https://www.schoudercom.nl/wp-content/uploads/Handleiding-voor-ouders-2.0.pdf>

You can also visit the SchouderCom website. Here you can also log in to your account: <https://www.schoudercom.nl/>

### Applications

If you already have one or more children at our school, please be quick to register siblings. Our list with applications for children turning 4 before 1 October 2023 is already full. You can place your child on the waiting list. This means that your child can only be placed if a place becomes available. If your child was born on or after 1 October 2019, there is still room on the application list. You can send an email to [directie@eglantierdelft.nl](mailto:directie@eglantierdelft.nl)

### Lice check

A few parents came in to check all children for head lice last week. We are very happy about this. This allows us to detect and treat lice early. If lice/ nits have been found in your child's hair, you have received a letter about this with information on how best to combat it. Classes in which head lice have been found will be checked again this week. Furthermore, these parents preventively check all pupils after every holiday.

### Repeat call - Wanted

We are looking for someone who is able to get 8 to 10 bags of play sand for us at, for example, Gamma, Praxis, etc. Please keep in mind that the bags of play sand weigh quite a bit (usually 25 kg each). Are you in a position and would you like to help us? Please report this to the kindergarten teachers.

### Week of Media Literacy

This Week is Media Literacy Week (Week van de Mediawijsheid). Media Literacy Week calls attention to critical, educational and, above all, positive media use. Media Literacy Week (4 to 11 November 2022) is themed 'Like and Cancel' and is about encouraging prosocial behaviour online. The

campaign week is organised every year and is particularly visible in primary schools and local libraries. Groups 5 to 8 will have a speaker in class this week on this topic. Wednesday evening, 9 November, there will be a parent evening for the parents of groups 5 to 8 by the speaker on the same topic as the workshop the children will receive, i.e. Like and Cancel.

### **Culturele gezins-UIT-agenda HAAGJES**

You can access de Culturele gezins-UIT-agenda HAAGJES for the months of November and December at the link below:

<https://nardinckmedia.us19.list-manage.com/track/click?u=7f6564c06b03a90acb24bcb2&id=f7ed58b949&e=da9e220363>

Here you will find, among other things, ideas for a treasure hunt at Escher in het Paleis, new theatre performances at theatre Merlijn, activities at the Mauritshuis and, of course, the necessary Sinterklaas ideas and tips for the Christmas holidays.

### **Caecilia**

Caecilia will start a new recorder group after the autumn break!

Making music together is not only fun, but also has a positive influence on the development and learning ability of children.

On Monday 14 November, Caecilia will start a new

beginner group of recorder students. Daan van Koppen, woodwind teacher at Caecilia, will teach children from about 6 years old (group 3) on Monday afternoons after school, at half past three. Children will learn how to make music from a recorder.

Nothing needs to be arranged beforehand; the association will provide a recorder and the teaching materials. The lessons are taught in small groups so that the children can quickly begin making music together.

By offering the lessons in groups, the lesson fee can be kept low. Lessons take place on Monday afternoons in "Het Notenschip", Caecilia's club building in Schipluiden. This is a central and easily accessible location in Schipluiden. More information about recorder lessons can be found via this link.

Playing the recorder is easy to learn, and you immediately also learn to read notes.

At Caecilia the knife cuts both ways; if you master the recorder and have fun making music, you can move on to another instrument and can join the orchestras of the association. Meanwhile, there is also a group for advanced students. They have lessons on

Thursday afternoon at half past three. Have you had recorder lessons and would you like to continue? Then you are welcome.

Do you doubt whether you would like to play an instrument?

In that case, it is possible to take a trial lesson. A recorder and lesson materials can then be borrowed.

For registration or questions about the recorder lessons: mail

to [opleidingen@caeciliaschipluiden.nl](mailto:opleidingen@caeciliaschipluiden.nl).

Would you like more information? Visit [www.caeciliaschipluiden.nl](http://www.caeciliaschipluiden.nl) or send a mail to [opleidingen@caeciliaschipluiden.nl](mailto:opleidingen@caeciliaschipluiden.nl).

# ZO DOE JE DAT !

## BEELD EN TEKST

6 T/M 10 en 11 t/m 16 jaar op Donderdag . Start op 1 december en 23 maart 2023 om 14.30 en 16.30 uur. Blokken van 11 lessen.

# De VAK

Centrum voor de kunsten

**www.vak-delft.nl**

## **Hou je van verhalen vertellen, figuratief of abstract dan kan je hier je hart ophalen. We duiken onder in de wereld van het afbeelden en komen boven met een boek vol ideeën.**

In deze cursus van 2 x 11 lessen komen verschillende stijlen van beeldillustraties langs, toegepast en autonoom, van heel modern en van nu tot 'ouderwets' en traditioneel

Overall om je heen zijn beelden, in boeken, games en op de TV. Deze beelden komen hier op papier tot leven. Boekillustraties, prentenboeken, tijdschriften, graffiti en Japanse stripboeken zijn onze inspiratiebron.

Dit alles brengt met zich mee dat er veel verschillende technieken langskomen, van potloodtekeningen, schilderijen, collages en fotografie. Grafische technieken als linoleumsneden, etsen en zeefdrukken staan ook op het programma.

Waar start je met kijken/lezen, bij de tekst of de afbeelding? Meestal is het antwoord: plaatjes kijken. Deze maken je nieuwsgierig naar de tekst. Illustratie is dan de deur naar een verhaal. Beelden alleen kunnen ook een verhaal vertellen, tekst is dan overbodig of een aanvulling.

De cursus bestaat uit twee blokken van 11 lessen, maar je kunt er ook voor kiezen om een van de blokken te volgen.

Per blok schrijf je je in en betaal je cursusgeld.

Blok 1 staat vooral in het teken van de grafische technieken

Blok 2 start met schilderen en vrije opdrachten en techniekekeuzes

# **ZO DOE JE DAT!**

**Docent: Carine Hooykaas**

**Kosten: 158 euro**
