Daycare

Happy New Year

We wish all children and parents a very happy, healthy and loving New Year! We hope that 2026 will be a year full of wonderful moments, development and fun at the daycare for everyone. We look forward to making it another great year together.

Looking back on the Christmas holidays

During the Christmas holidays, we enjoyed a cosy and relaxed atmosphere in the groups. We did crafts, played games and, of course, celebrated the holidays. It was wonderful to see the children having fun together and enjoying all the activities. We also went on an outing once a week. In the first week, we went bowling at Frenkies in Delft. In the second week, we went to the cinema. Sport4kids also visited us for an Expedition Robinson workshop.

National Reading Days

The National Reading Days are just around the corner! During this period, we will be paying extra attention to reading aloud, books and stories. Reading aloud stimulates children's language development and imagination. On Monday 26 January, the toddlers from the daycare and preschool will visit DOK Voorhof.

Parents will receive more information about this in the parent app. On Tuesday 27 January, the children will be treated to a performance in their group. We will make it a cosy reading moment in the groups.

Cold temperatures, warm clothing

The temperatures are low, but we will of course still be going outside. Please ensure that your child wears warm clothing, such as a coat, hat, scarf and gloves. This will allow the children to play outside comfortably and safely.

IKC study day 4 February

On Wednesday 4 February, there will be an IKC study day. On this day, we will be working with the education team on our professional development and good coordination within the IKC.

The childcare centre will be closed on this day. We kindly ask you to take this into account when planning childcare. Thank you in advance for your understanding!

Education

Best wishes

This is the first newsletter of 2026. We would like to wish everyone a happy, healthy and, of course, educational New Year.

Wanted

For our EY IPC unit clothing, we are looking for:

funny hats, coloured necklaces and bracelets, glasses, bags, cute dresses, a waistcoat, a jacket, pointed shoes, boots, high heels and... shoe boxes?

Please, nothing too big. Who has something in their wardrobe they would like to give us to play with?

School play evening for kindergarteners

The kindergarteners have started a new IPC unit: "What are you wearing?" This unit is about different types of clothing. To conclude this unit, we will have our annual play. This time it is about "The Emperor's New Clothes". We will read the story and the children will be asked to think about which role they would like to play in the play. We will practise a lot and on 11 February, the children will perform for their parents/carers. More information will be provided later in the Social Schools app.

National Reading Days

This year, National Reading Days will take place from 21 January to 6 February. We will kick off on Wednesday 21 January with a reading breakfast. While the children enjoy their breakfast, there will be a reading session. On Tuesday 27 January, the kindergarten children will be treated to a reading performance by Peet Vermeulen. The older groups will read aloud to the younger groups, there will be extra reading aloud in the classes, etc.

Introducing our Spanish trainee teacher

Dear families,

My name is Aina and I am currently studying at the University of Vic, near Barcelona, in Spain. I am in my fifth year of my Double Degree of education and I will spend my last internship at your school until the 20th of March. On Tuesdays, I will be with Miss Michaela at the gym and with Miss Caitlin the rest of the week, with group 3 and 4 teaching both English and IPC lessons. I love singing, dancing and I am part of a theatre group. I am very happy to be here and I am sure I will learn a lot and it will be a rewarding experience that I will remember forever.

Winter weather

The children thoroughly enjoyed the snow last week. They played outside, made snowmen, and some children brought sledges, which we had great fun playing with. Of course, alongside the fun, there were also some inconveniences: how would we get to school, would the tram be running, could I cycle, etc. We are

delighted that so many parents still managed to get their child(ren) to school, sometimes with a slight delay, but ultimately they braved the weather.

For your diary

As you may have already seen in the calendar, there will be an IKC study day on Wednesday 4 February. This means that the school will be closed, but this time the childcare centre will also be closed, as the study day applies to our entire IKC. Please take this into account.

The spring break is from 16 to 20 February. Monday 23 February is an administration day. Pupils will therefore have the day off. Childcare facilities will remain open.

FIRST LEGO League

We are very proud to invite you to a truly special event! Over the past few months, an enthusiastic group of 19 students from groups 6, 7, and 8 has been at school every Sunday morning to practice for the FIRST LEGO League.

Under this year's theme, 'Submerged' (Unearthed), the children have worked hard on their innovation project and programming their robot. This coming Saturday, they will compete against teams from other primary schools, and they could really use your support!

Where and when?

Date: this Saturday, January 17th

Location: TU Delft, Faculty of Industrial Design Engineering (Landbergstraat 15, Delft)

Robot Competitions: Between 12:00 PM and 3:00 PM

Important Presentation Times:

Did you know that we can earn extra points if there is a large audience present during the presentations? So please come and watch our teams:

Team 1: Presentation at 11:00 AM - Room 3

Team 2: Presentation at 1:30 PM - Room 2

It promises to be an exciting day full of technology, teamwork, and creativity.

The more supporters in the audience, the better the chances of a high score for our students!

Will we see you there to cheer our teams on to victory?

With sporty regards,

The Lego League team - team IKC De Eglantier

Little free libraries and food pantries

As you may know, we have several "little free libraries" and food pantries, located at the Ina Boudier-Bakkerstraat and the Roland Holstlaan.

We are happy to see that these are being used frequently, and we restock them regularly.

Unfortunately, we have currently run out of our supply of books and groceries.

Do you have any children's books at home that are no longer being read, or groceries that you don't plan on using (for example, items from a Christmas hamper)?

If so, we would greatly appreciate it if you could place them in the cabinets to help others in our community.

You can place items directly into the cabinets.

If they happen to be full, please drop the items off at the school so we can use them to restock at a later time.

Thank you in advance!

NLdoet - Do you help?

On Saturday 14 March, we will participate in NLdoet, the biggest volunteer day in the Netherlands! This is the time to tackle jobs together that we normally don't get around to. For example, small repairs, painting and redecorating the outdoor area. We can use all the help we can get! Come and help from 09.00 to 12.00, or part of it. Many hands make light work!

Would you like to help? Sign up on social school with Corine Dijkshoorn or Yvonne den Haan.

Thanks in advance, we look forward to making it a fun and meaningful morning together!

SIGN UP

Registration new students

If you already have one or more children at our school and have other children you would also like to have at our school, please register your child in good time. The waiting lists fill up quickly.

In fact, our list of applications for children turning 4 before 1

October 2026 is already full. You can only put your child on the waiting list. This means that your child can only be placed if a place becomes available. If your child was born on or after 1 October 2022, there is still room on the application list. You can send a message via Social Schools or send an email to: directie@eglantierdelft.nl

National Reading Days at DOK

Discover how much fun reading aloud can be! Come to DOK, Delft Library, during National Reading Days from 21 January to 1 February. All branches are offering free fun activities, especially for children aged 0 to 6 and their parents, grandparents or carers. Take a look at the full programme and come along!

Reading aloud is for everyone

At DOK, there are reading sessions several times a week throughout the year. During the National Reading Aloud Days, there will be even more. For example, there will be readings not only in Dutch, but also in other languages such as Arabic and Spanish.

Why this focus on reading aloud?

Children enjoy being read to and it also helps them learn lots of new words, listen for longer and understand texts and stories better.

Performances

There are other fun activities during the Reading Aloud Days. For example, take your child to a performance:

Coco kan het! (Coco Can Do It!) (ages 2-6) on Saturday 24 January at DOK in OPEN and DOK Voorhof.

Kikker is Kikker (2-6 years) on Saturday 24 January at DOK Tanthof.

Author visits

Or meet a well-known picture book author with your child:

Mies van Hout, known for Kleine Aap, the picture book of the year, will be at DOK in OPEN on 29 January.

Levina van Teunenbroek, known for De Ridder zonder Billen, will be at DOK in OPEN and DOK Voorhof on 31 January.

Breinbaas - Leiden University conducts research - who's in?

Onderwerp: Lekker in je vel door Breinbaas!

Beste ouder(s)/verzorger(s),

Om leerlingen te helpen om stevig in hun schoenen te staan, doen het Sint Antonius Ziekenhuis Nieuwegein en Universiteit Leiden onderzoek naar het Breinbaas programma. Dit is een onlineprogramma met het doel om kinderen lekkerder in hun vel te laten zitten. De laatste jaren is er een toename geweest in gevoelens van angst, depressie en onzekerheid bij tieners. Als kinderen meer zelfvertrouwen hebben en stevig in hun schoenen staan, is de kans op de ontwikkeling van deze klachten kleiner. Wij willen daarom onderzoeken of het Breinbaas programma kinderen op de basisschool kan helpen om meer zelfvertrouwen en veerkracht te krijgen. Hiermee krijgen wij inzicht in wat helpt om mentale en stressklachten bij kinderen te voorkomen.

Het Breinbaas programma ondersteunt kinderen met verschillende dingen die moeilijk kunnen zijn voor hen (zie dit [filmpje](#)). Kinderen luisteren dagelijks naar ontspannende oefeningen, die onder andere gebaseerd zijn op wetenschappelijke kennis over hypnotherapie. De oefeningen zijn gericht op het versterken van zelfvertrouwen en veerkracht.

Doet uw kind ook mee?

- **Voor wie?** Kinderen uit groep 6/7
- **Wat?** Uw kind luistert zes weken dagelijks naar online ontspanningsoefeningen van ongeveer een kwartier en vult drie online vragenlijsten in. U vult één online vragenlijst in. Eén groep kinderen start direct met de oefeningen, de andere groep na zes maanden.
- **Hoe?** Via de digitale cursus Breinbaas
- **Waarom?** Breinbaas kan uw kind ondersteunen in zijn/haar zelfvertrouwen en veerkracht!
- **Meer weten?** Voor meer informatie over Breinbaas, bekijk hier de site: <https://breinbaasacademy.nl/>.

Als uw kind mee wil doen aan het onderzoek, kunt u hem/haar aanmelden via deze link:

https://leidenuniv.eu.qualtrics.com/jfe/form/SV_39IBEvfSI54YBJY Op deze aanmeldpagina treft u ook de link naar de informatiebrief met alle verdere toelichting.

Met vriendelijke groet,

Senna Telkamp

Onderzoeksteam Breinbaas, Universiteit Leiden

If you would like more information, please send a message to the management via Socials Schools.

BREINBAAS

Lekker in je vel door ontspanningsoefeningen

DOE MEE!

Laat je ouder/verzorger je aanmelden via de
QR code

Wat ga je doen?

Je gaat 6 weken iedere dag ± 15 minuten naar
een ontspanningsoefening gebaseerd op
hypnose luisteren van Breinbaas.

Voordat je hieraan begint vul je een vragenlijst
in, na 6 weken nog één en na 6 maanden de
laatste. Je ouder/verzorger vult na afloop ook
een korte vragenlijst in.

Wie?

Kinderen in groep 6 en 7
