Daycare

Spring break

The BSO and the daycare have had a great holiday. The BSO did a lot of fun activities like flag football, organising our own high tea and making our own sushi! On Friday the BSO and the daycare went to the animal farm together

Mrs. Carmen

From Tuesday, 8th of March onwards, Mrs. Carmen from the daycare is back from her maternity leave. The children missed her very much and we are happy that she is back!

Education

Daffodil action

Spring is coming, the flowers will begin to bloom again and we are going to sell daffodils.

On Friday, 11th of March, all pupils received a letter with an explanation about the daffodil action and a subscription list. The children will ask as many people as possible (father, mother, grandfather, uncle, aunt, neighbours, etc.) to buy daffodils. Monday, 21st of March, the children will bring the completed form back to school with the money they have collected (cash). They hand this in to their group teacher.

On Wednesday, 13th of April, the children will be able to pick up the daffodils at school and distribute them to the people they sold them to. Further information will follow.

With the proceeds of the money we will organize a party for all students to celebrate the 55th anniversary of the school. Through the link below you can see a movie about this action.

Topic Pets and Farm Animals

The kindergarteners are working on the IPC unit "Pets and Farm Animals".

Do you have farm animals from Lidl that you are not using? The kindergarten groups would be delighted to receive them.

If you have sheep's wool, clogs, a cow hide, etc. at home that we can borrow, we would greatly appreciate it.

If you know someone with a lamb, pig, goat, chicken, cow, etc. who would like to show pictures or make a video of this animal and tell something about it, please let us know.

Kangaroo test

On Monday 22 March, a number of children will take part in the Kangaroo test. We wish them good luck!

Coffee morning

On Wednesday, 9th of March, we were finally able to organize a coffee morning again after a long time. It was held at the IB building. About 10 parents came. We had a great time talking about everything and getting to know each other. Will you come next time? The next morning is on Wednesday, 30th of March at 8.30 am at the RH919 building.

Koffieochtend

Children's gardens

What a joy it is to discover nature with more than 200 children every week! We, the volunteers of the Children's Garden Delft, along with the children get to experience the magic of nature: 3 potatoes in the ground, 3 kilos in your harvest

basket.

Gardening is done with your head, heart and hands. It is a great experience to work with other children through the entire process from sowing to harvest to a tasty result. And, of course, it is great to get to taste those home-grown carrots and radishes. There is no better place than a kitchen garden to start this voyage of discovery.

You get to know nature and our food. You learn step by step and very practically that a garden is not just a container of earth with some beautiful plants in it, but a process. Without earthworms there is no loose soil to plant roots and without bees there are no pumpkins!

Besides nature education, we organize many more fun activities, such as herb butter making, pizza baking and a lantern parade to close the season.

Come enjoy some unforgettable afternoons at the gardens from 6 April to November (1.5 hours per week).

Volunteers are welcome at every children's garden! Are you interested or do you want to know more about volunteering at the children's gardens? Please contact us via info@kindertuinendelft.nl
